

Alex's timed cue sheet

Monday September 21 • 10 AM-12:50 PM • SCI L104

Hamilton trailer • 11:50-12:20 team mood boards

Before class: test room audio, cue the two video links below, and open both labs and the mood-board studio. Keep all other players paused.

[Local sound fallback](#)

10:00-10:08

Sound and action

SCREEN / Open the sound-and-action lab. The same action. The same sound. Compare when they meet.

CUE / At 10:08, move to the viewing question.

[Open the sound-and-action lab](#)

10:08-10:12

One question, three tools

SCREEN / Open the student guide. Watch closely. Name the choice. Support the reading.

CUE / At 10:12, play the official trailer once.

[Open the student guide](#)

10:12-10:24

Hamilton • the official trailer

SCREEN / Open the official Hamilton trailer. Watch once. Inspect a frame. Watch again with a question.

CUE / Play the trailer once; inspect 0:14-0:17, pause at 0:15; replay once for framing. Stop all media by 10:24.

[Open the official Hamilton trailer](#)

10:24-10:36

Critical Role • action and response

SCREEN / Open Critical Role at 7:28. Watch 7:28-8:38. Inspect hands at 7:38; compare speaker at 8:28 and listener at 8:33.

CUE / Play 7:28-8:38. Stop at 8:38; inspect 7:38, 8:28, and 8:33. Stop by 10:36.

[Open Critical Role at 7:28](#)

10:36-10:46

Blocking • bodies in space

SCREEN / Open Blocking. Same line. Same wide view. Change positions, paths and facing.

CUE / At 10:46, choose Gesturality. Keep both feet on their marks.

[Open Blocking](#)

10:46-10:54

Gesturality · an expressive action

SCREEN / Open the upgraded Gesturality study. Keep the feet fixed. Compare an open hand, folded arms and repeated cuff touches.

CUE / Open Gesturality directly. Show open palm, folded arms, and three separate cuff contacts. Half speed is available.

[Open the upgraded Gesturality study](#)

10:54-11:02

Reaction shot · whose response?

SCREEN / Open Reaction shot. One response, frozen at 3.0 seconds. Change only the crop.

CUE / The response is frozen at 3.0 seconds. Change only the crop.

[Open Reaction shot](#)

11:02-11:16

A camera choice for a game

SCREEN / Open the frozen response. Choose what the player needs to perceive, then test it with another pair.

CUE / At 11:16, carry this evidence habit into the existing video essay.

[Open the frozen response](#)

11:16-11:30

One World, Two Media · evidence rehearsal

SCREEN / Open the assignment and rubric. Show both versions. Speak over both. Let visible evidence support the comparison.

CUE / Break 11:30-11:40.

[Open the assignment and rubric](#)

11:30-11:40

Ten-minute break

SCREEN / Show the return time. Return at 11:40

CUE / Pause all media. Keep the whole ten minutes; return at 11:40.

[Show the return time](#)

11:40-11:50

Mood boards · the shared brief

SCREEN / Open the mood-board studio. A game involving collaboration

CUE / At 11:50, protect the full 30-minute team block.

[Open the mood-board studio](#)

11:50-12:20

Team Project Time · mood boards

SCREEN / Open the 30-minute work block. 30 uninterrupted minutes on your team's actual board

CUE / Protect 11:50-12:20. No whole-room calls or share-backs during this block. Use a silent timer only if helpful.

[Open the 30-minute work block](#)

12:20-12:35

Team-to-team feedback

SCREEN / Open the feedback prompts. I Like · I Wish · What If

CUE / Pair teams. Swap speakers at 12:27. Move from feedback to revision at 12:35.

[Open the feedback prompts](#)

12:35-12:45

Revise and divide the next work

SCREEN / Open the next-step check. Make one useful revision. Agree who does what next.

CUE / At 12:43, check that each team can access its saved board. Exit begins 12:45.

[Open the next-step check](#)

12:45-12:50

Exit and next dates

SCREEN / Open the exit reflection. One supported observation. One question worth testing.

CUE / End at 12:50. Record what actually ran after class.

[Open the exit reflection](#)
