

Four cues. Ready at 9:45.

Test projector, sound and captions. HBO Max uses the instructor's login. Students need no subscription. Play ten seconds of each scene, then reset. Let YouTube ads finish before cuing. Keep Gordon's private guide off the projector.

Play each scene once. No Minecraft game trailer. Creator excerpts follow students' interpretations. YouTube links cue a start; you must stop manually.

10:08–10:12 / CUE 1

A Minecraft Movie: Steve's prologue

Start at My name is Steve. Stop before the Nether, or after four minutes, whichever comes first. Play once.

Protect the build.

At	Action
10:00	Screen 1: No media yet.
10:05	Screen 2: two students recall a Minecraft choice.
10:12	Screen 4: notes and pairs. No replay.
10:30	Screen 6: board application.
10:49	Screen 8: first interpretation of the cold open.
11:08	Screen 10: board reference for attention and uncertainty.
11:20	Screen 11: full break. Close playback to prevent autoplay.
11:30	Screen 12: one priority. Open the workshop.
11:35	Screen 13: start the 55-minute timer.
12:10	Quiet cue to Gordon: twenty minutes remain.
12:30	Screen 14: partner-team or within-team check.
12:40	Revise and save the actual file.
12:45	Screen 15: two-line exit; finish 12:50.

If playback fails

Give troubleshooting one minute. Minecraft: [Warner Bros. Full Movie Preview](#), 1:20–5:02 in that upload, instead of HBO Max. The Last of Us: tell Gordon; use the labeled synopsis in Media cues. Creator excerpt fails: Gordon paraphrases the intention. Never let troubleshooting consume the protected sprint.

Dates: board file, 20–40 images, Thu Oct 1 at 5 PM Pacific to Drive. Present Mon Oct 5, five minutes, everyone speaks.
