

SINJIN, THANK YOU

Graduate Scholars

Forty scholars.
More futures.

With gratitude to Claire, Lucas and Bigglesworth September 18, 2026

You helped build a lasting community

90+

CYSTEM alumni

21 / 21

2025-26 scholars at GDC

Four years of support,
relationships and opportunity.

40 graduate scholars. Nearly double the cohort.

2025-26 COHORT

21

graduate scholars

All 21 attended GDC 2026.

NEXT COHORT TARGET

40

graduate scholars

19 more people. About 90% growth.

Target, subject to confirmed funding and delivery capacity. Baseline: Alex Rogers, 2025-26 CYSTEM highlights.

CYSTEM 2026: graduate talent, nationwide

ENTIRELY FOCUSED ON GRADUATE STUDENTS

A wider graduate intake

Students from all
graduate schools can apply.

Nominations help.
They are no longer the gate.

One graduate community

Financial support.
Mentors and shared learning.

A place to belong.
A clearer next step.

All graduate recipients are CYSTEM Scholars. This proposal focuses entirely on graduate students.

What a graduate scholar receives

Support

A financial award for each selected graduate scholar

Learning

Online curriculum for the path into games

Community

A cohort of peers beyond your own campus

Mentorship

Guidance and connections with industry professionals

Apply directly by October 2. No nomination required.

GDC is a planned capstone; travel and participation support are still being finalized.

More scholars, with people in their corner

40

graduate scholars

An award and a place
in the community.

8

industry mentors

One mentor for every
five graduate scholars.

120

mentor conversations

Three individual
conversations per
scholar.

40 portfolios or career plans reviewed. A clear next step for each scholar.

Proposed graduate-cohort service goals. Mentor commitments and delivery capacity must be confirmed.

Forty scholars, supported through the year

Q4 2026

WELCOME

Select and welcome the graduate cohort.

SINJIN

Connect mentor leads.

BIGGLESWORTH

Help sustain the cohort.

40 graduate scholars with a place to belong.

Q1 2027

CONNECT

Introduce each scholar to an industry mentor.

SINJIN

Bring willing mentors.

BIGGLESWORTH

Support meaningful contact.

Each scholar has someone to turn to.

Q2 2027

DEVELOP

Mentor conversations and practical feedback.

SINJIN

Bring portfolio reviewers.

BIGGLESWORTH

Share the evidence.

40 portfolios or career plans reviewed.

Q3 2027

NEXT STEP

Follow up on progress. Prepare the next cohort.

SINJIN

Open useful introductions.

BIGGLESWORTH

Shape continued support.

Track each graduate's next step.

Proposed October 2026 to September 2027 roadmap. Cohort size and mentoring goals depend on confirmed support and delivery capacity.

Your relationships can help scholars thrive

INDUSTRY

People who know the work

Introduce practitioners who can guide graduate talent.

MENTORS

Useful feedback and follow-through

Help each scholar see a practical next step.

FOUNDATIONS

Support that lasts

Bring aligned partners into the graduate-scholar community.

Bigglesworth can help convene the right people, sustain the work and share what the scholars achieve.

Forty scholars. More futures.

SINJIN, THANK YOU

**19 more people.
About 90% growth.**

**Your relationships can put
people in their corner.**

With gratitude to Claire, Lucas
and Bigglesworth.

Target: 40 graduate scholars, up from 21 last year. Shared ambition, subject to confirmed support and delivery capacity.
