

The Care Between

A seedling, a repeated act, a visible change.

01 / Dry soil

Action A small seedling sits in dry soil.

Camera Wide, locked

Time evidence Dry soil, small plant, warm daylight.

Intent Establish the pot and its starting condition.

00:00-00:04 / 4s

02 / A test

Action A fingertip tests the soil.

Camera Close-up, locked

Time evidence The hand touches the soil before the water arrives.

Intent Make the decision to water readable.

00:04-00:07 / 3s

03 / Water

Action Water reaches the soil.

Camera Medium close-up, locked

Time evidence Water and darkening soil share the frame.

Intent Show contact and its immediate result.

00:07-00:11 / 4s

04 / Still waiting

Action The plant remains small in evening light.

Camera Medium, locked

Time evidence The light changes before the plant changes.

Intent Give waiting its own beat.

00:11-00:14 / 3s

05 / Night

- Action** The greenhouse falls into blue night.
- Camera** Medium, locked
- Time evidence** Cool darkness follows the evening frame.
- Intent** Make elapsed time visible without a title card.

00:14-00:18 / 4s

06 / Care repeats

- Action** The caretaker returns to water again.
- Camera** Medium, locked
- Time evidence** A repeated action arrives after the night shot.
- Intent** Suggest a continuing routine.

00:18-00:21 / 3s

07 / Growth

- Action** Larger leaves reveal a change.
- Camera** Close-up, locked
- Time evidence** The plant is fuller than in the first frame.
- Intent** Let the audience discover the result.

00:21-00:25 / 4s

08 / A changed room

- Action** The fuller plant occupies the familiar workbench.
- Camera** Wide, locked
- Time evidence** The pot and bench anchor the before-and-after comparison.
- Intent** Echo the opening setup so the change can be compared.

00:25-00:30 / 5s

Holds: $4 + 3 + 4 + 3 + 4 + 3 + 4 + 5 = 30$ seconds. Hard cuts. No camera movement. Silent.
