

GOOD PARTNERS. A BETTER WEEKEND.

59 Runningman brands + 12 local prospects + 1 creative prospect

Six opening conversations

01 / OWN THE TRAILS

Hill Country Bicycle Works + Skratch Labs

A local cycling shop and an endurance hydration brand: a concrete service pairing for the riding and running audience.

02 / MAKE REST REAL

Soulbird Wellness + Hyperice

Start with a San Antonio mobile operator; explore a staffed recovery product demonstration when the footprint is clear.

03 / INVITE PEOPLE IN

Visit Comfort TX + Athletic Brewing Co.

Connect the town to the weekend and make the post-ride social ritual welcoming to guests who choose alcohol-free drinks.

THE THREE TIERS

- 1 / Contact first · A direct audience fit, useful guest service or clear local connection.
- 2 / Build the program · Good fit once audience, budget and operating plan are established.
- 3 / Explore selectively · Niche products, higher operating needs or questions to resolve.

Send a clear invitation

Confirmed date, audience and site plan. One guest experience. A specific request for cash, product, staff, equipment or co-promotion. Clear deliverables and a simple measurement plan. Do not promise unapproved inclusions.

Source scope

The Runningman homepage showed 60 logo positions, including Lone River twice: 59 unique entries. This records the wall as displayed, not an exclusive 2026 contract list. Three identities remain unresolved. General contacts are labeled. The interactive dossier and CSV include full logistical asks and source details.

RUNNINGMAN ROSTER / 1-8

All 59 unique homepage brands, in source order · Sources are clickable

Altra

TIER 1 · Trail + movement

Contact form / altra_customerservice@vfc.com

General customer service; request field marketing
